

WHY DEVELOPMENT FORUM SHOULD BE FUNDED.

Commitment of purpose is enshrined not only because we are an NGO but also because most of the members of the FORUM belong to the region. This sense of belongingness drives us to be sincere and updated to attain our goals.

The only NGO in the regions targeted having the experience, resources and potential to indulge in projects of such a scale.

The FORUM has been functioning for 19+ years on a non profit motive. So the FORUM is not having enough financial strength to implement the projects.

The FORUM has the resources to capitalize the local potential and invoke local participation to ensure a sustainable project.

The FORUM has the capacity to mobilize local funds for the basic / minimum needs of the project.
